### Sensor Networks Opens New Happy Valley Headquarters

When a local company needed to grow, its leaders turned to the Centre County Economic Development Partners (CCEDP) and laid out the challenges and opportunities.

"In order to grow, we needed to increase production capacity in the form of a second machine, which would require a larger building and a second shift," explained Bruce Pellegrino, Vice President of Marketing at Sensor Networks, Inc. (SNI). "To start that domino effect, we needed assistance to acquire a second machine."

## ABC Essentials

“Being involved on an ABC [Authority, Board, or Commission] is a really nice way to get involved in things that you’re passionate about, to stay connected to those things in some way even if it’s not a part of your everyday job, or to learn something totally new,” Jason Grottini shared with a group over light refreshments on a weekday evening.
